DOCKET NO. 04-0113

MOTION TO INTERVENE AND
BECOME A PARTY

Pursuant to Hawaii Administrative Rules ("HAR") sec. 6-61-55, this "Motion to Intervene and Become a Party" before the Public Utilities Commission of the State of Hawaii (Docket No. 04-0113) is respectfully submitted by the Department of the Navy on behalf of the Department of Defense (collectively referred to herein as DoD), by and through its attorney.

As grounds for said intervention, Movant avers as follows:

1. Movant maintains numerous military installations within the State of Hawaii which activities obtain and use electric services from the applicant company, Hawaiian Electric Company, Inc. (HECO or the Company), a public utility subject to this Commission's jurisdiction. The nature and extent of DoD's property, financial and other interests are substantial. The fact is that the DoD is one of the largest purchasers of electric services in the State of Hawaii. The DoD has been a party in other dockets related to Rate Increases and Rate Design, Integrated Resource Planning, and Demand Side Management. The DoD has a crucial and strategic interest in securing electricity at the lowest but fair cost.

2. The nature of the matters which are the subject of this docket could have a substantial impact on the Movant.
3. It is not unlikely that the Movant's positions may be different from those advocated by HECO, the Consumer Advocate, or any other party to the proceeding.
4. Movant's participation can assist in producing complete and accurate discovery and developing a sound record. The DoD believes its participation will enable the Commission to view and consider all the pertinent available information.
5. Movant's intervention would serve the public interest in that this Movant expends funds on behalf of the taxpayers of the United States in the furtherance of the goals and objectives of the Government. It is in the taxpayers' interest to ensure that their tax dollars are (1) being spent to buy necessary goods and services that are reasonable in price, and (2) to ensure that the expertise available to their government is utilized to its maximum extent in ensuring the reasonableness and continued availability of the utility services to the Government and the general public at the least cost. Movant's intervention would not unreasonably broaden the issues or delay the proceedings in this docket.
